1984 NEPEAN TRIATHLON RACE REPORT

by Warwick Brennan

Nepean River, Penrith, Sunday 18th November, 1984 8.00 am. Weather conditions perfect and a record 1758 competitors await the start of the most popular Triathlon in Australia, possibly the world. The venue with its sweeping lawns to the river is ideal for an event of this type with the majestic F4 bridge dominating the skyline as an estimated 6,000 spectators try to gain the best position to watch the race.

The course has been designed not only to suit the elite athlete but also for the fun competitor wishing to gain fitness and complete an endurance event. In fact it has become known as the City to Surf of Triathlons. There are two starting times, 8.30 am for the 1053 individual entrants who complete all three legs and 9 am for the 235 relay teams of three completing one leg each. Individual competitors ages range from 11 years young to 64 years young. They come from every conceivable walk of life and location.

Its 8.30 am and the first leg, an 800 metre swim in the Nepean River is underway. Due to the release of water from Warragamba Dam following the heavy rains in the preceding week the water is unnaturally cold and because of this the swim does not start as smoothly as planned. The water looks more like a

At this stage eventual winners Kevin Charman and Gaylene Clews were in 14th and 27th outright positions respectively with Gaylene also 3rd in the open womens section.

On to the bike, for a 40 km ride to Wallacia and return. This section was controlled by the Nepean Cycle Club with the Nepean Rescue Squad and Police all contributing to an excellent ride. Considering there were over 1000 bikes in the individual event the low number of mishaps were a tribute to these organisations.

The changeovers from the swim to the bike and also from the bike to the run were completed quickly and efficiently

due to the purchase of 700 bike racks before the event. Many favourable comments were received concerning the racks and the decision to outlay almost \$10,000 on them was certainly justified.

Mark Pringle and Gaylene Clews led the open mens and womens sections at the end of the bike ride with Mark clocking a 58 minute 10 seconds ride and Gaylene 1 hour 50 seconds. Kevin Charman kept in touch with the leaders in the outright mens section with a time of 1 hour 30 seconds.

A quick change and the leading bunch were off on the run, a hilly 14 km around Emu Plains/Lapstone with an aptly named 'Heartbreak Hill' thrown in to

really test the stamina of the competitors. The temperature really started to warm up at this stage and all runners were no doubt pleased with the efforts of local residents in keeping them cool with everything from extra drink stops to watersprays. Kevin Charman made his winning move during this leg and hit the lead with approximately two kilometers remaining to record a run time of 46 mins 20 seconds to win in an excellent time of 1 hour 56 minutes 40 seconds overall. Gaylene Clews increased her lead with a run of 56 minutes 25 seconds to win the outright womens section in a time of 2 hours 6 minutes 45 seconds which also gave her an amazing 19th place outright.

An interesting statistic in the individual event is that well known Sydney runner Sam Scutts gained prominence in passing the most competitors during the cycle and run. Sam came out of the water in 653rd place and after passing 527 people on the bike and run he finally finished in 126th position.

Perhaps it is the challenge, or just the thrill of competing, but the Nepean Triathlon now holds a special place for anyone who has tackled it and the addictive recipe of a swim, bike ride and run continues to lure athletes from all over New South Wales and the Eastern States to Penrith.

The organising Committee hopes you enjoyed the 3rd Nepean Triathlon and invites you all back to compete again next year.
